

CRS800S RECUMBENT STEPPER

The CRS800S makes total-body exercise accessible for a wide variety of users. Regardless of age or physical ability, the CRS800S offers a variety of features that take the effort out of getting on and working out. The step-through design and swiveling seat assembly allow easier machine entry/exit. Self-adjusting linear step range not only accommodates users of various heights, but also limitations in range of motion. Adjustable arms, high-density foam seats and cushioned foot pedals create a comfortable movement pattern.

CRS800S RECUMBENT STEPPER

- Linked upper and lower body linear pattern
- Self-adjusting linear step range from 1 to 12.5 inches
- Step-through frame design for users with limited mobility
- Seat swivels in 360-degrees making it easy to enter/exit the machine
- High-density foam seat pads with recline and fore/aft adjustment
- Contact and telemetric heart rate capabilities to make the workout more effective
- Oversized cushioned foot pedals for a comfortable feel

CRS800S CONSOLE FEATURES

The design of the electronics features an intuitive interface for ease of operation, large easy-to-read displays, and multiple program options for users of all levels of fitness. A storage tray for a phone, keys, or an MP3 player, seat mounted pulse grip handles for a comfortable hand position, and a turbo cooling fan to keep your clients cool and encourage them to work out longer.
